

## Lee Shippey Writes On Your Paper

WE HABITUALLY meet the mail man half way when the old home town newspaper is due, and when he is late we pettishly call him the snail man.

It always brings us pleasure to read good news of old friends, but it brings us pangs to read sad news of them.

Last week, for example, it was a pleasure to read of Col Thurber's 80th birthday anniversary — and warmly to wish him 20 more.

But it brought real sorrow to read of the serious accident to Bill Wark's daughter. I don't remember the young lady — she was only a child when we moved away — but big-hearted Bill deserves all the good luck a man can have. And we felt mighty sorry for both the Warks and the Emile Smiths.

WE ARE CERTAINLY hoping Den Murray's broken leg will break records in mending — and we feel sure his fall hasn't even cracked his pleasing sense of humor. And even though we don't be there to see it, we're sorry to "see" Col and Mrs. Morrison move away.

And so it goes. There's so much in the Sierra Madre News that brings back memories to those who have moved away that really I don't see how anyone can get along happily without it for some of the minor news in it may be tremendously important to someone — and if one doesn't get the paper one may never learn it.

ALL THE SAME, I wish to warn Mrs. Dawson that the animal she saw stalking three fawns may not be a wolf. Other night we heard the damndest racket on our back porch, could dimly glimpse some animal which seemed to us large enough to cause serious trouble, and I was just dashing out, almost face to face with it, when Madeleine switched on the porch light — and I broke the backward jump record.

The animal was the biggest skunk I ever saw, indeed, three times as big as any I ever saw before. It was a beautiful creature, but there are times when one just can't stop to admire beauty.

But, glory be, it was entirely friendly. Apparently it had just come down from the hills in search of water, and we are in the habit of leaving a container full of water for thirsty dogs and cats on our back porch.

The night visitor didn't even fire a blank, but we desisted from leaving water out there at night, and after two more visits the creature ceased to call. We hope it found water elsewhere.

IT IS ALWAYS a pleasure to hear from Edward Voorhees, Sierra Madre's dean of scholarly philosophy, for Ed is habitually actuated by a desire to do something kindly or pleasing.

We'll always remember his comforting visits in 1944, when our eldest son was reported missing in action, and for six months we feared the worst but clung to hope, aided by Ed's reasonable reminders of good things which might have happened.

At that time, I think, Ed was rendering volunteer service to the Red Cross.

Well, my day has just been brightened by a letter from Ed recalling an event which couldn't have happened if Sierra Madre wasn't the home of a lot of the grandest, biggest-hearted, most lovable people on earth.

It happened on Feb. 26, 1948 — my birthday anniversary. My new book, "Old California Custom," then was doing so well that Madeleine and I were taking off, in March, for a European tour, and the wonderful folk in the Art Guild arranged that marvelous surprise party in the City Hall

## Myrt Will Be Missed . . .

### Sierra Madre Pupils Will No Longer Ride To School In Buses

The pleasant, jovial countenance of Mrs. William M. (Myrt) Waite will be missing from the school bus route this September.

So will all buses.

The 250 or so children who were driven to and from school five days a week, are going to have to walk, according to the dictates of the Pasadena Elementary School District.

Sierra Madre Elementary Schools — Sierra Madre and Sierra Mesa — were joined with the Pasadena School District by a favorable vote last Oct. 18.

THE PASADENA District has a rule that children within three-quarters of a mile of a school building are not entitled to bus service — they must walk — according to Fred N. Wind, superintendent of transportation for the district.

Split Sierra Madre, with Mountain Trail as the dividing line, with Sierra Madre School on one side and Sierra Mesa School on the other, and it can easily be

seen most of the pupils are within three-fourths of a mile from these schools. Unless the rule is changed, the only transportation will be for seven or eight physically handicapped children who will be transported in a station wagon.

CHILDREN in the Elkins tract, the other side of Highland Oaks, are more fortunate. That area has joined with the Arcadia Elementary School District and youngsters will continue to ride to and from their studies in buses.

Yep! A lot of Sierra Madre school children are going to miss the bright, cheery countenance and sparkling quips of Myrt Waite. So go the landmarks.

### Covina Band Will Play Here On Friday Night

The Sierra Madre Concert Band and Covina City Band have, in the past, exchanged cities. This Friday, Aug. 18, Covina's Concert Band will play in Memorial Park, and Thursday, Aug. 17, Sierra Madre's Concert Band will play at Covina.

The program to be performed at Sierra Madre is as follows:

**COVINA CONCERT BAND**  
Charles L. King, conductor, sponsored by Park and Recreation Department.  
"Star Spangled Banner."  
Introduction  
March, "Burst of Trumpets," Harold Walters.  
Themes from the "Nutcracker Suite," Tchaikovsky.

Around the World in 80 Days, Soloist, Mrs. Lucille Honeywell.

## Schmidt In Command Of VFW Post

Veterans of Foreign Wars, Post No. 302, of Sierra Madre, at a special election held in the post rooms, 40 E. Montecito, elected R. F. Schmidt as commander, succeeding William Annas who resigned because of the press of other business activities.

Donald Carpenter was chosen senior vice commander; Wally Boyko, junior vice commander; Ace Leboniti, chaplain, and Edward Garcia, post surgeon.

Louis Van Iersel, holder of the Congressional Medal of Honor, remains as officer of the day.

Commander Schmidt served in the same capacity some ten years ago.

## Still Another Supply of the 50-Star American Flags Is Received and Are On Sale at The Sierra Madre News Office

Leading Sierra Madre citizens unqualifiedly approve the **SIERRA MADRE NEWS** distribution of the new 50-Star American Flag which this newspaper has undertaken as a public service.

The second shipment of these flags are now available at the **NEWS** offices, 9 Kersting Court, for \$4.50 apiece. This represents their costs, with no tax attached.

Here are the opinions of some leading Sierra Madre officials, men and women.

## Mrs. Paus Has Hearing in One Ear Restored

There's been a true medic-surgical miracle for Mrs. Hazelle R. Paus of 225 N. Lima and Idylwild, and wife of Accountant Albert J. Paus.

Following an operation last Friday on her right ear at Huntington Memorial Hospital, Mrs. Paus, practically deaf for many years in the right ear and almost deaf in the left ear, can hear again.

What's more, this woman, widely known in Sierra Madre club and civic circles — she and her husband formerly owned Circle H. Ranch on Sturdevant Dr. — can hear distinctly and clearly. An operation on the left ear is in prospect in the ensuing months.

Friday night was a time of genuine jubilation — and interesting talk — in the Paus household.

## 'Little Old Ladies' Now Plague Mosk

By Henry C. MacArthur

SACRAMENTO — (CNS) — Regardless of the merits, if any, or the demerits of the John Birch Society, of which there appear to be many, Atty. Gen. Stanley Mosk somehow seems to have kicked his foot when he described the makeup of the organization as composed partially of "Little Old Ladies in Tennis Shoes."

In fact, he is being reminded of this remark, contained in a personal description of the society, by receiving pairs of tennis shoes, old and worn out, in the mails.

As a class, the government of both Federal and State jurisdictions seem to resent wealthy businessmen, despite the fact these same wealthy businessmen provide an disproportionate share of the taxes which keep the governments going.

AND AS A CLASS, retired military officers are not much in favor with the governments either. These were the other two categories which Mosk defined as the

## 'Spineless Administration' An Editorial

As state director of motor vehicles Robert I. McCarthy wasn't "at home" in the Governor Edmund G. Brown entourage at Sacramento.

Consequently, he resigned, accusing the Governor of heading up "a spineless administration" and creating a genuine and encouraging uplift for Republicans seeking to elect a Governor next year.

Governor Brown has appointed Tom M. Bright, heretofore deputy director of the Motor Vehicle Bureau as McCarthy's successor.

NOW WE KNOW Tom Bright — this writer worked with him when the two of us were secretaries at Sacramento in the cabinet of Governor Goodwin J. Knight. Tom Bright, a Democrat, and former newspaperman, can and does keep his head under most circumstances. He is a calm, cool and collected person with sound judgment.

But once convinced that he is being given a shady deal, he can be the proverbial "stubborn bull in a china shop."

We doubt whether in view of the general decadence and growing unpopularity of the Brown Administration throughout the state Tom Bright will remain long at the helm of the State Motor Vehicle Bureau. He is not the type of man to dissemble, even politically, and the Brown Administration calls for that type of officeholder.

AS FOR MCCARTHY — well, he played politics from the time he entered office, so there is no genuine regret at his passing.

The big thing for Republicans is that in resigning, despite his political "elbow-bending" he told the blunt truth about the Brown Administration.

Chalk up a Republican assist for McCarthy.

# S. M. ROSE FLOAT UNIT TO CHOOSE THEME AT SESSION ON AUGUST 30

ALL-TEENAGE NIGHT at the Sierra Vista pool, put on by the Sierra Madre Youth Coordinating Council, with Parks and Recreation Commission approval, proved an outstanding success. Top picture shows Judy Rieder, Wally Wallingford and Marjann Baldridge in poolside pose. Below we see Bud Green, Rosemary Ladastida and Debra Watts swimside.

## Cal Frosh Guests At Brown Home

Students from Sierra Madre and surrounding area who will enter the University of California at Berkeley in September will gather tonight at the home of Mr. and Mrs. Claude H. Brown Jr., 49 W. Orange Grove, for an informal get-together, dinner, and orientation program.

Planned by the San Gabriel Valley Chapter of the University of California at Berkeley Alumni Association, under direction of Sam Laidig, chapter president, this event is a new effort to acquaint entering students with life at the University.

GERALD MARSH, professor of speech at the university, and David P. Gardner, alumni field director, have come from Berkeley campus to speak to the students. In addition, Mike Goldberg, Sierra Madre; Sally List, Altadena, and Stan Warden, Arcadia, currently enrolled as students, will discuss Student Body activities and social and campus life.

Working on the Alumni Committee with Mr. and Mrs. Laidig and Mr. and Mrs. Brown are Mr. and Mrs. Arthur Potter, Edgar List, Mrs. Sherman Trusty, Mr. and Mrs. Douglas Delahooke, Arthur Schlaifer, Samuel Hobbs, Mr. and Mrs. —turn to page 8

## North Long Beach Youth Runaway

Edward Kenneth Schooler Jr., who is only 15 and who hails from N. Long Beach, police report, got himself a pellet gun early this week and ran away from home.

Officer D. C. Tucker of the Sierra Madre Department discovered Edward trudging north on Santa Anita. He told the officer he intended to camp in Chantry Flats.

## Vern Foster Home Picked For Meeting

First meeting of the Sierra Madre Rose Float Association will be held Wednesday, Aug. 30, 7:30 p.m., at the home of Mr. and Mrs. Vern A. Foster, 21 E. Orange Grove, Sierra Madre.

The purpose is to decide on a theme for the Sierra Madre Rose Float for 1962, and to organize committee activities for the year. This meeting is open to all interested Sierra Madreans.

HUNDREDS OF SIERRA MADREANS each year join in this wonderful community project by sharing their talents and time for the promotion, welfare and development of Sierra Madre. For years it has been the only float of the 62 floats entered in the Pasadena Rose Bowl Parade that is built completely on a voluntary basis.

Manuel de la Torre and Vern Foster are co-chairmen of our float, and welcome all theme suggestions for the Sierra Madre Rose Float, based on the parade theme "Around The World With Flowers."

Vern Foster, ELgin 5-7787, should be contacted regarding themes, and reservations for the open meeting Aug. 30.

## Comic Pajama Relay, Too . . .

### Mermaids Will Do Ballet At Aqua Fair

"Dance of the Sugar Plum Fairy" and the "Waltz of the Flowers" will mark high points in the Sierra Madre Parks and Recreation Department's third annual Aqua Fair to be staged at the Sierra Vista Pool Friday night, Aug. 25, at 8 o'clock.

The comely young girls who will perform in the synchronized swimming classic to the music of the above numbers from Tchaikovsky's "Nutcracker Suite," have practiced throughout the summer on this one number. These young mermaids buy their own look-alike suits and will do their magic for the pleasure of Sierra Madreans and spectators from adjoining areas free of charge under direction of their fine water ballet instructor, Annie Aguilar.

THE YOUNG BOYS and girls who will compete in the swim races are children who have participated in the pool's most successful summer program under the outstanding direction of Head Instructor Myrt Waite, assisted by Verna Richter, Annie Aguilar and Pat Fend. They have had valuable assistance from the volunteer instructor's aides, Joanne Vorster, Patty Cress and Steve Luder.

As a comic relief, the instructors will compete against the lifeguards in the famous Pajama Relay. In this they swim the pool length, each wearing a pair of pajamas, and then disrobe on deck.

## Marshall's Pet Skunk, "Helena," Has Disappeared

"Helena" is a pet skunk, of the spotted variety, belonging to Mr. and Mrs. Shannon M. (Elizabeth) Marshall of 657 Ramona, Sierra Madre.

And alas "Helena" is missing. Only partly tame, "Helena" may have heard "the call of the wild" — or it could have been a boy friend — for she disappeared last Saturday afternoon. Incidentally, "Helena" has been treated for rabies.

She has been a pet at the Marshall home for a year, and so, Mrs. Marshall says, she will be welcomed back home. The Marshalls offer a reward for her return.

Come on back, "Helena!"

## Burke Finds Budapest Is Still 'Grim'

"It was rather grim in Budapest."

## Crepe Myrtles Constitute Brilliant, Gay Showpieces

Drive through a valley town on summer's hottest day and look for the freshest thing in sight. You'll probably find it's one of the many fine crepe myrtles. Truly, these shrubs have a spring-fresh look about them.

You won't see crepe myrtles in most coastal climates for they resent moist ocean air. In the interior areas, they're tops for hot weather color.

The flowering season of these heat-happy showpieces is from July through September, which just about covers the subject of summer. Then as summer fades into fall and the nights cool off, the crepe myrtles give you a bonus of color from

their foliage before it drops. **IN FORM**, they are large, fan-shaped shrubs, often with multiple trunks, but the gardener who wishes can train them up to become small trees. In so doing, he will open up the interior to create a rangier specimen and show off the attractive red color of the branches themselves.

Members of the California Association of Nurserymen offer several different crepe myrtles in a good range of colors. They are distinguished by the crinkled texture of their showy blooms; and when you've seen one, you'll be able to identify the others.

**MOST OFTEN** seen are the pink crepe myrtle and the red crepe myrtle. The watermelon red improved, however, is an exceptionally good shrub with flowers of a shade that is at once rich and subtle. You will also find white crepe myrtle and queen's crepe myrtle, the latter a lovely shrub with lavender blooms.

Take care in planting to avoid shady spots and don't seek a site that will hide the winter bareness.

## Kassners On Visit With Mrs. Jones

Jack and Elsie Kassner of Green Bay, Wis., formerly Sierra Madre residents, spent several days the past week visiting with their aunt, Mrs. Elizabeth Jones and family, 241 E. Sierra Madre Blvd.

Forty-three years ago they owned a cash-and-carry store here and later Mr. Kassner learned the construction

business from Harvey Steinberger. As a result the 13 Kassner children have been able to take care of and hold precious memories of the Steinberger family, other good neighbors and the city of Sierra Madre.

"The structural changes which have taken place in this community are indeed marked," commented Mr. Kassner "especially as our last visit here was back in 1918."

The Kassners are now on their way back to Green Bay to inform their 40 grandchildren about rapidly developing Sierra Madre.

## Home Fire Inspection Is Embree Idea

How do you make your home safe from fire hazards?

Through their tax dollars every citizen pays for fire protection, but do Sierra Madreans join the Fire Prevention Bureau headed by Fire Marshal Bert M. Embree in curbing the dangers from fire in their homes and places of business?

One answer is that the Home Inspection Bureau program being instituted in more and more cities throughout the country is steadily gaining headway.

Marshal Embree has made a study of home inspections in such cities as Arcadia, Burbank, Pasadena, Los Angeles and Richmond. He also has obtained data from the National Board of Fire Underwriters, National Board of Insurance Companies and has made personal contact with fire inspectors in various other cities through the Southern California Conference of Fire Inspectors.

**REVEALING** that 75 per cent of all fires are preventable in the business and mercantile districts, in apartment houses and single dwellings, the modus operandi of the home inspection system calls for the following:

1. — It is not the purpose of the inspectors to catch home owners violating the laws.
2. — Rather, it is the basic purpose to point out to them hazards which can cause fires, or deaths, of themselves or their neighbors.
3. — During inspections close cooperation is maintained with building, plumbing and electrical departments to the city as they can help the inspector recommend corrective measures.
4. — Most inspections would be made from 9 a.m. to noon, and from 1 to 4 p.m., hours advantageous to home owners.
5. — Inspectors would have to be invited into home, with no penalty if this is refused.
6. — Average time for each inspection would approximate 20 minutes.

Marshal Embree emphasizes that it would take 1,000 hours to cover the 3,300 dwellings in Sierra Madre or 118 working days in all. The estimated cost is \$2,200.

**THE MARSHAL** bulwarks his proposal with the statement that "the estimated cost would justify the expenditure through lower fire and death loss and eventually a reduction in the city's fire insurance rates, thus saving the city and property owners thousands of dollars in fire insurance premiums."

"We all live and sleep in a potential fire death trap, and it behooves us, as the protectors of our citizens, to give them the service they are paying for. The statistics show billions of dollars and thousands of lives lost each year through fire—let us keep Sierra Madre off 'The List of Statistics.'"

By Martha Sharp

**DAVID KIRKPATRICK** of 324 E. Alegria and his two brothers-in-law and nephew, Al Simms, son, Gary of Downey and David Clark of Olympia, Wash., have returned from a vacation in Canada. They spent two weeks in the area of the Nith River and Francois Lake which is 125 miles west of Prince George.

Each fisherman brought back the limit of 36 rainbow trout and smoked 80 of them which is fine eating.

**MELISSA ANN NASH**, through the courtesy of her grandmother, Mrs. Pearl Nash of 660 W. Montecito, is exhibiting her collection of "Dolls From Around The World" at the Sierra Madre Public Library. The collection will be shown for several weeks.

Melissa is the daughter of the late Mrs. Margaret Nash who gave so much of herself for the benefit of the people of Sierra Madre. She is now in Greece with her father, Bob Nash. More on this next week.

Her brother, Sumner, who is now in the Marine Corps at Camp Pendleton will be home this weekend on a 20-day leave.

**THE HENRY ROBERTSON** of 222 E. Highland are traveling again, this time to spend a week up the California Coast to Carmel. They've just returned from their Alaskan tour.

Walter Thurber's wife, Ruth, of 470 Manzanita, has an exhibit of California desert paintings in the lobby of the Pasadena Home Savings and Loan.

The exhibit is distinctive in that she has painted scenes from both the high and low desert areas that include Palm Springs, Salton Sea and Lucerne Valley. There are also several New England scenes in the collection. Be sure and see this exhibit; it is a fine one.

## Kiwanis Club Hears Speech By W. Fields

William T. ("Bill") Fields of Huntington Park, former lieutenant governor of Kiwanis Division 13, gave one of the most inspiring addresses of the year to the Sierra Madre club last Tuesday.

His subject was "Kiwanis Education" but actually he covered the broad field of Kiwanis ideals and community service from the human "everyday living" side of life.

**FROM FIELDS'** remarks it is easy to understand why Kiwanis membership is increasing by the thousands every year and the club is being urged to extend its services into many other countries.

The speaker was presented by James Wolfe, himself a former lieutenant governor of Division 15.

At the conclusion of his talk he was presented by President Henry Nelson with a copy — in three colors — of "An American Creed." The Sierra Madre club is sponsoring the wide distribution of the creed, written by Col. Walter D. Thurber, under chairmanship of Carl Brand.

The city has commenced a recently approved program of improving sidewalks, curbs and parkways in and about the business area. Work already has started, according to C. A. Barkmeyer, public works superintendent.

## Marsha Abbott Jones Weds David Phillip Veiga In Manhattan Beach Rites

The troth of Marsha Abbott Jones, daughter of Mr. and Mrs. William Robert Jones of 500 Strand, Manhattan Beach, and David Phillip Veiga, son of Mr. and Mrs. Phillip Veiga of 175 E. Montecito, Sierra Madre, was plighted in a beautiful wedding ceremony on Aug. 12 at high mass at 12 noon in the American Martyr's Church, Manhattan Beach. Father O'Connell officiated.

The maid of honor was Miss Marilyn Warner and the bridesmaids Mrs. Robert Bartlett Jones, Mrs. Donald Lee Zarella, Mrs. Phillip Acton and Miss Florence Thayer.

Best man was Robert L. Knox and the ushers Walter Sheasby, Robert Bartlett Jones, Phillip Acton and Fred Contreras.

**THE BRIDE** wore a floor-length gown of silk organza trimmed with Alecon lace. She wore a pout veil.

The bridesmaids' dresses were of Azalea pink peau de soie with matching headpieces. The bridesmaids' flowers were various shades of pink tuberous begonias in cascades.

The latter flowers provided the floral motif for the bride's table and throughout the room at the reception in the Palos Verdes Country Club. The church was decorated with long-stemmed white delphinium, gladioli and stock for the ceremony.

**AFTER** A three-week tour of the Orient—Japan, Hong Kong and Hawaii—the young couple will be at home in Hermosa Beach.

The bride is a graduate from Westridge School, Pasadena; Stephens College, Columbia, Mo., and USC, and is a member of Chi Omega Sorority. The bridegroom is a graduate from St. Francis School, Plintridge, USC, and is president of the Delta Chi Fraternity.

## Jerrell Kraus Wins Another Scholarship

Jerrell Kraus of 501 N. Grove St., Sierra Madre, makes a specialty of bagging awards for educational achievements.

Last spring, Jerrell, then a Pasadena High School senior, won one of four Los Angeles County top awards, each for \$1,000, in the 1961 Bank of America Achievement Awards Program.

Jerrell's latest prize winning exploit is a \$900 scholarship presented her by the Benevolent and Protective Order of Elks during its recent convention in Miami Beach, Fla. The award is for her attainments in studies and extra curricular school scholarship activities.

She plans to continue her education at Pomona College this fall.

## Mrs. Horne In Europe 3 Months

Seventeen airports and 11 railroad stations, plus river craft, figured in the three-month visit of Mrs. Johanna Horne of 621 Alta Vista, just returned from extensive stays in West Germany, Switzerland, France and Denmark.

At the same time, her husband, William O. Horne, moderator of the Congregational Church, visited a daughter in Ft. Worth, Tex.; relatives in New Jersey, and spent some time amid boyhood scenes in New England.

Mrs. Horne flew the Arctic route to Copenhagen, Denmark, and then during the ensuing 85 days visited Bremen, Germany; Lake Geneva and Lucerne, Switzerland; by steamer to Baines, France; Munich, Cologne, Bonn, Neuremberg and Mauerberg, West Germany, the latter her girlhood home.

**IN BREMEN** she greeted a nephew and during her visits met a cousin who had come from Ghana, one of the new African republics where he is now employed.

Mrs. Horne returned to the United States by plane, leaving from Frankfurt, West Germany.

She visited Baines France, immediately after the Algerian riots there during which the mayor was assassinated. She found that city still filled with soldiers and a sense of uneasiness.

## Simpsons Report Wedding Of Daughter Patricia To David E. Styles on Aug. 5

Mr. and Mrs. Sam D. Simpson of 520 Ramona announced the marriage of their daughter, Miss Patricia Ruth Simpson, to David E. Styles on Saturday, Aug. 5, at 5 p.m. at the First Methodist Church in Monrovia. The wedding was performed by Rev. E. A. Gay.

Only members of the immediate families and a few close friends attended the ceremony. As her maid of honor Patricia chose Mrs. Delene Sullenger, sister of the bridegroom. The best man was Dan A. Styles, twin brother of the bridegroom.

The bride's gown was Ca-hill design in white lace over taffeta. Her shoulder-length veil was held in place by a hat of stiffened tulle leaves outlined in seed pearls. Her flowers were pink rosebuds.

**THE SIMPSONS** have been Sierra Madre residents for 15 years, and Patricia attended Sierra Madre School, John Marshall Junior High in Pasadena and Pasadena High School.

David attended school in Alabama before coming to California and was graduated from Monrovia High School, afterwards studying at Pasadena City College. He also served three years in the U.S. Air Force. His parents are Mr. and Mrs. M. C. Styles of Monrovia.

Following the wedding ceremony a reception was held at the home of Mr. and Mrs. Marian D. Burke in Temple City. Decorations

were in silver, green and white. The tables were covered with silver cloth with ruffled net overskirts. On the Burke pool floated water lilies and gardenias, plus small flowers spelling out the names of "Pat" and "Dave," and a miniature bride and bridegroom. The young couple are temporarily living in Arcadia.

**TROTTED OVER** to Eaton Canyon Stable last week for my first CELEBRITY interview! Of course, my subject is widely known for his sage telephone conversations, but after slight pressure from five youngsters anxious to help me get my story, I decided on the personal approach.

When we arrived at the stable the youngsters climbed aboard a buckboard and attentively watched their favorite star perform. By now, you've surely guessed the subject of all this adoration is "MR. ED," the talking horse of TV fame.

As previously reported in this column, the gorgeous Palomino trick horse is owned by Jo Neugebauer of Rivera Dr. As the interview proceeded, "Mr. Ed" dutifully performed some of the tricks he'll do on Saturday evening at an open show at the Eaton Canyon Club. Incidentally, the show is from 4 p.m. to midnight, and "Mr. Ed" will appear about 9 p.m.

**ENJOYED CHATTING** with Barney McGeary, who will M.C. the show — and simulate Ed's voice!

"Mr. Ed" may also be seen during the special Palomino show at the Pomona County Fair on Sept. 23 and 24. And in October, the attractive Mrs. Neugebauer will ride him in Sierra Madre parade.

Therein lies one of the expensive problems of owning "Mr. Ed." It seems he must wear rubber shoes for stage shows, borium shoes for parades so he won't slip on the pavement, and standard steel shoes for arena work.

Although changing shoes so often is costly, his coral fans love it. The children line up for souvenir shoes, the moment they see the blacksmith approach "Mr. Ed." In fact, so many children want a shoe that Mrs. Neugebauer asks the youngsters to draw numbers to determine the lucky fan.

**AND HERE'S A NEW** party idea. Mothers, "Mr. Ed" will perform for a reasonable fee at the Eaton Stable—call Mrs. Neugebauer EL 5-3798, for details. Also learned Jo teaches western and bareback riding at the Eaton Club, while Ann Lale, from England, teaches English riding—naturally.

Regarding Saturdays show: Jeanne Cumminsky, Desie Winchester and Johnny Atkinson (all widely known horse enthusiasts in the Ranch), will participate.

**DR. AND MRS. C. W. LAMBERT** gave a bon voyage party last week for Dr. and Mrs. Lincoln Wilson and Dr. and Mrs. George Hjelle who are European bound for six weeks and will travel together on the Continent about two weeks of that time, before going their separate ways.

Mrs. Lambert decorated with flags of the various countries to be visited. Cohosting the party were Dr. and Mrs. Jack Paschall.

Invited guests were Doctors and Mmes. Charles Langmade, Robert Mueller, Jay Welborn, J. R. Spenser, Ross Lambert, Creighton Horton, David Merrill, Tgart Nanninga, Edgar Flentie. Also Messrs. and Mmes. Jack Rogers, Robert Edmanston, Harold Klocke, and Alvin McCown.

**TEN COUPLES**, all Shakespeare Junior pals, have rented a row of Newport Beach houses, and will take along their 21 children — may not be restful, but it surely won't be dull! The couples are Mary and Ted Easterling, Wyn and Tad Fessenden, Gloria and Don George, Nancy and Jack Lamp, Eli and Stu Cypher, Lois and Ed Riggins, Bobbie and Buz Hege, Margaret and Lloyd Pearson, Lynn and Bob Anthony, and Gloria and Bob Cushman.

**THE PAUL KELLY FAMILY** are TWA Jet-ing on a European holiday. Their son, Stephen, will celebrate his 12th birthday anniversary in Florence, Italy on Aug. 26. The Kellys' were recently feted at several bon voyage parties.

**MORE TRAVEL TALK:** Mr. and Mrs. Tom Mico (he's widely known in Scouting circles), and their children Kathy, Tommy, Steve and Bruce, have returned from visiting relatives in Racine, Wis. — Weekending at Emerald Bay were Sally and Frank Bondurant and Polly and Terry Dunning.

**BARBARA AND GORDON HYDE** of Hampton Road, gave a lovely party Saturday evening. Cocktails and buffet dinner were served in a torchlit garden, and flowers floating in the spotlighted waterfall were especially attractive.

Invited guests were Messrs. and Mmes. John Horne, Jennings David, Edward Barnes (back from Ojai for the occasion), Harold Sweet, John Hedrick, Joseph Cummins, Philip Shepherd, Paul Crawley, Fred Stoffel, Blair Hyde, Edward Specht, Lew Page, David Zinsmeyer (alone, Doris being in Kansas City for a family reunion), Arthur Mann, Charles Day, John Zeman, William Lansills, William Caldecotts, Warren Bacon, Bruce Crane, Bruce Minter and Wink Martindales.

**NEXT DAY**, many of the same guests mentioned above, plus Edsel and Cathy Curry, gathered for brunch at the home of Sue and Joe Cummins. Their friends are still raving about the divine food!

**WHAT LUCK!** Marilyn and Blair Hyde have won a sail boat from a Shell Service Station on Rosemead where Blair had deposited just one coupon! Congratulations, and happy sailing!

**THE HAROLD SWEETS** on Rim Rd. will host the Hasty Hens' second swim-supper party of the season this Saturday.

The Hasty Hens, like the Ranch Wrens, is a purely social organization of friends in the lower Ranch. Several times a year they plan special fun parties which include their husbands.

Peggy Lansill is chairman of the upcoming party. Assisting her are Margaret Mann, Ann Hart, Yvonne Holman and Nita David.

Interesting sidelight — although dancing is usually planned for these affairs, it's more often a strenuous game of volleyball that holds the group's interest.

Popularity—what a fickle bedfellow. Forgetting the serious side of what would happen come a bombing, I can't help but laugh when I think of the hypocrisy of the official of Las Vegas who was prepared to arm against Angelinos, should a large exodus start clamoring at the Nevada borders.

They use every device known to man except an astronaut to get our hard cash over in their state. They even offer free rides into their haven for the misguided suckers.

Come the cry bomb, and they are suddenly arch enemies. Can't understand why the sudden defense against us. Presuming that any survive an attack such as has been predicted, how in the name of all that is good do they expect us to get there.

Those who were not eliminated in the bombing would certainly be trampled to death on the freeways.

Just to show that I feel no bitterness, I would like to invite all of those who are so set against aiding those less fortunate to come see us — if and when there is a bombing. We'd love to have them!

**Mr. and Mrs. Frank Ferris** of Meyero Lane were hosts to the younger set on a recent Saturday afternoon.

Occasion was to fete the 1931 champs of the Arcadia American Little League, namely "The Frank Ferris Interiors" team of the Dodger Division.

They came up for an afternoon swim and bar-b-que and were individually presented trophies by Mr. Ferris. They, in turn, presented him with the ball that was used in the winning game.

The team was managed by Chuck D'Ewart, and his son, Doug, was one of the bat boys.

The team included Joe Hurter, Marc Mueller, Ronnie Casman, Chris Boore, Bill Nies, Larry Wilson, Mike Miller, Glen Melvy, Ronnie Arnone, Jimmy Rhodes and Bud Garden. Those who were unable to accept their trophies in person were Craig and Tommy Vittum.

**The balmy summer nights** have been wonderful for some of the recent patio parties. Mr. and Mrs. John Hedrick of Villa Mesa hosted just such a party recently for some of their former neighbors from the ranch. There was much swimming, dancing, tennis, and ping-pong, in addition to drinks and buffet for the enjoyment of all of their guests.

Those included in the party were Messrs. and Mmes. William Lansill, David Zin-

smeyer, Lewis Page, Charles Callow, Paul McGiven, J. David, Ed Barnes (they recently returned from Europe and are staying temporarily with the Davids), Harold Sweet, Arthur Mann, Joseph Cummins, Horace Ray, John Horne, Gordon Hyde, Blair Hyde, Philip Shepherd, Jeff Ward and William Caldecott.

**The garden and pool area** in Mr. and Mrs. Sam Matloff's lovely garden on Old House Rd. was the scene of a swimming and dinner party last Friday night.

Those on deck were Mr. and Mrs. Kenneth Hammil, Mr. Frank Hammil, Mr. and Mrs. Walter Burdette, Mr. and Mrs. John Kent Blanche and Mr. and Mrs. William Albright.

**The Robert Anderson** home on Fairpoint rang out with sounds of a circus last Saturday afternoon as the ice cream set gathered to help celebrate Laurie's seventh birthday anniversary. There where balloons galore and paper clown hats to get everyone in to the carnival mood.

The wandering clown was none other than Daddy in disguise. Games were plenty and the prizes all served to remind the winners of a circus.

The youngsters enjoying the fun were Sharon Treanor, Lettie, Jose Louis, and Anna Gutierrez, Mark Eppard, Bruce Elmer, Melanie Unsworth, Susie Fuller, Carol Ann Hayes, Debbie Ferrier, Ruth Teerink, Sallie Williamson and Cynthia Anderson, the honoree's sister.

**"Our" Joe Mangano** is back with his family at his Old House Rd., home after a three-week good will mission that took him to four countries in Europe.

He was the manager with two assistant managers and three coaches, who accompanied the United States A.A.U. Track and Field team on a meet in Moscow, Russia, Stuttgart in West Germany, London, England,

and Warsaw in Poland.

In spite of the fact that the team was tired from the extensive traveling necessary to complete the tour, they won in all four countries.

This team was the national championship team selected in the National Championship Track and Field meets in New York shortly before their departure.

All the winners, plus their runner-up were taken. Our United States team included 41 men and 17 girls. Seven of the men were from our own Southern California Strider team.

This entire trip was sponsored by the State Department for the obvious purpose of creating a better feeling between our peoples.

It certainly accomplished a lot in that respect. These fine young people were able to exchange ideas and display sportsmanship that would be an enviable asset among their peers.

## Letter to The Editor

Dear Editor:

Our less than inspired transportation policy assigns to railroad equipment a longer economic life than to any other depreciable tool of industry. A battered box car wreck which has survived 40 years slam-banging, may be considered fully depreciated and entitled to a tax credit of \$8,000 (original cost) towards replacement for 20,000 Frontier dollars.

Many depressed areas in these United States are concentrations of railway equipment factories and railroad shops. These areas are receiving massive doses of cash unemployment doles.

If the absurd depreciation brakes, applied only to railroads were released, the unemployment slack could be taken up at no cost to taxpayers. The railroads could reequip for any eventuality and escape the threat of car shortage. A common sense unemployment solution is thus available — if — politics and common sense are compatible!

— Fritz Schumacher, (Former Santa Fe "Rail")

## Bridge Tourney Signing-Up Time

New friends are made and old friendships renewed by entering the Hastings Ranch Nursery School Bridge Tournament for 1961-62. As former players know, the game is for anyone who enjoys bridge, with a prize for the winners to each group of ten couples. Games are arranged by couples, at their convenience, to be played from mid-October to May.

Mrs. Mary Wilkinson, chairman announces cards are being mailed this week to last year's players to remind them to sign up early. Anyone interested in further information may call ELgin 5-1183.

## Plan Banquet For Younger Republicans

John Rousselot, California representative from the 25th District, will address the final banquet of the Leadership Training Institute to be hosted by the California Young Republican College Federation in Orange County to be held at Knott's Berry Farm on Sept. 9 at 8 p.m. Tickets are available to the public at \$5 a person, and may be obtained at the Republican Headquarters, 2675 N. Main St., in Santa Ana, or by writing Harold Phillips, 325 Poppy St., in Corona Del Mar.

Experienced in every facet of political activity, Rep. Rousselot has served in executive positions in the Los Angeles County and California State Central Committees, the Los Angeles County Young Republicans, and the Young Republican National Federation.

AS A MEMBER of Congress, Rousselot has served on the House Committee on Banking and Currency and the House Committee on Post Office and Civil Service. The Institute is intended to provide the future leaders of the Republican Party with training in the establishment of effective college Republican clubs.

Many other prominent Republican speakers are expected to take part in the three-day school of practical politics. Republican Party structure, club activities and membership drive will be covered in rotational committees and workshops.

Any Young Republican of high school or college age is invited to attend the sessions to be held at the American Legion Hall in Newport Beach. For information call OR 3-8528, or write Leadership Training Institute, 325 Poppy St., Corona Del Mar, Calif.

## Anita Stevens Off To Europe

Anita Stevens, granddaughter of Mr. and Mrs. Charles Lapson of Arcadia, sailed for Europe aboard the S.S. Atlantic on Aug. 11.

Accompanying her on the voyage are the Lapson's daughter, Judith Berenson, celebrated American and European violinist and her husband, Irving Berenson, a United Nations official.

Miss Stevens, a Monrovia, whose parents are Herbert Stevens of Stevens Nursery and Artist Mildred Lapson Stevens, will live in Switzerland and attend the University of Geneva.

## Two Arrested In Fire Zone Area

Charged with violating the city code excluding persons from closed fire areas, Steven Lloyd Van Buskirk and Michael Dennis Leach each 18, and both of Pasadena, and a youth, 17, were arrested on the Yucca Trail by Sierra Madre police.

The latter report the three were drinking beer and rolling rocks down on Woodland Dr. properties.

# News of the Churches

## Illinois Guest Minister In Pulpit Two Sundays At Congregational Church

Rev. Clifford C. Voll, pastor of the United Church of Christ (Evangelical and Reformed) of Dolton, Ill., will be guest minister at the Sierra Madre Congregational Church for two Sundays, Aug. 20 and 27.

Rev. Mr. Voll is visiting in Sierra Madre with his wife, Carol, two of his children, Linda and John, and his parents, Mr. and Mrs. Voll of Louisville, Ky. The family will be staying at the parsonage, 101 W. Bonita during their visit in Sierra Madre.

On Sept. 3, Dr. William Thompson, former minister of the church, will occupy the pulpit. Rev. George M. Lindsay, pastor, following his vacation, will return to the pulpit on Sept. 10.

## Seminarian Will Talk At Faith Church

Prof. Donald L. Deffner, Ph.D., instructor at Concordia Theological Seminary in St. Louis, Mo. will be the Sunday morning speaker in the 9 and 10:30 o'clock worship services of Faith Lutheran Church, 835 Hastings Ranch Dr. He has chosen as his sermon theme "Some Christian Imperatives."

Rev. Mr. Deffner is in Southern California for one week, having recently completed work on a master of theology degree at Pacific Lutheran Theological Seminary in Berkeley. Prior to joining the staff at the St. Louis institution two years ago, he served for a number of years at Lutheran student pastor at the University of California in Berkeley.

At 9:45 o'clock on Sunday morning, Prof. Deffner will address a joint-session of the Bible Classes of Faith Lutheran Church on "Christian Witnessing—How to Speak about the Christian Faith to Others." All members and friends of the parish are invited also to this session.

## Methodist At Music Conference

Mr. and Mrs. Samuel T. Kirk of 646 W. Sierra Madre Blvd., helped represent the Sierra Madre Methodist Church at the biennial conference of the Methodist Musicians of California at California Western University, San Diego, Aug. 6-11.

This was the first meeting of the organization on the West Coast. Nearly 400 Methodist musicians and musical teachers of all types attended classes in organ, choral technique, hymnology, as well as lectures and seminars on choir methods and music.

## Bethany Notes

**TWO MORE GUESTS** ministers will occupy the Bethany church pulpit while Pastor Robert N. Schaper is on vacation with his family. The morning service this Sunday, Aug. 20, will find Rev. Don Botsford, associate director of Forest Home Christian Conference Center, speaking.

Mr. Botsford, born in Canada, is a graduate of Bob Jones University in Greenville, S.C. He has recently been associated with Campus Crusade, an organization which has done much in confronting young college men and women with the claims of Jesus Christ.

He has also been active in Fellowship of Christian Athletes and during his work with these two organizations traveled much around the country, preaching to many groups of college age young people. His ministry at Forest Home has been invaluable in the counseling program for high school and college age people.

**DURING THE EVENING** service, Jack Hamilton of Los Angeles Youth for Christ will speak. He is one of America's greatest youth specialists, having founded the Youth for Christ High School Bible Clubs while director of this department in International YFC headquarters in Chicago.

While working in this capacity, 2,700 YFC clubs were organized in 44 states and eight foreign countries. Hamilton also originated the YFC Bible Quiz contest which, along with the Teen Talent contest, attracts thousands of teenage participants each year.

In September, 1960, Hamilton joined forces with Dr. Roy McKeown and the staff of Greater Los Angeles Youth for Christ. A native of Kansas City, Hamilton says that "Our goal is to put the teachings of the Bible on Campus in the lives of teenagers."

Dr. McKeown, executive director of Greater Los Angeles Youth for Christ, says that Mr. Hamilton is much in demand as a youth rally speaker and a leader of youth seminars.

**DR. SCHAPER**, Bethany's pastor, urges the people of this area to hear these two fine preachers as they minister this Sunday.

Rev. Hugh Bell, Jr., assistant minister at Bethany will preside at both services. Music will be provided by the Bethany Ensemble, Mer-

nle Richter, organist, John Bush, soloist and the Ower Trio, all of Sierra Madre.

**BETHANY CHURCH** will host the monthly Pasadena Division Christian Endeavor Sing after the evening service at 8:30. This area includes Pasadena, South Pasadena, Altadena and Sierra Madre. Young people from these areas will assemble at Bethany for a time of gospel singing and fellowship following the service.

The CE groups at Bethany will provide the song leaders and special music for the sing as well as refreshments for all who come. Everyone is invited to this inspirational service.

**THE VOYAGERS** Bethany's Sunday School Class for 30 to 40-year-old people will hold a beach party at Newport Beach this Saturday. Members and guests are asked to come whenever it is possible for them to do so.

Dinner will take place about 6 p.m. on the beach. Mr. and Mrs. Bill Wiegell will host the party at their summer home at Newport Beach. Mr. Wiegell is the teacher of the class.

**TEN JUNIOR HIGH** young people will be journeying in Tachwitz Pines in the San Jacinto National Forest for a week-long camping experience. They include Teresa Edgman, Bill Scott, and Pam Johnson from Pasadena; Gail Heath, Duarte; Laurel Grey, Arcadia; Bonnie Christensen, Jim Moore, Sharon Wolford, Donna Limbaugh and Alice Plumlee all of Sierra Madre. Eleven high school girls will return this Saturday.

## 'Doing All Things Well,' Hansen Topic

"Doing All Things Well" is the sermon title of Rev. E. Hansen, pastor of Shepherd of the Hills Lutheran church, 33 E. Sierra Madre Blvd., Sierra Madre, for the 10:10 a.m. service Sunday, Aug. 20.

"There is no miracle which so beautifully shows Jesus' way of treating people as the time He cured the man who was deaf and had a speech impediment," the pastor will say.

**"THE MAN** had a special need and problem, and Christ dealt with him in a way that he could understand. Jesus still does this today for any person who will accept His help."

Sunday School continues through the summer at 9 a.m.

## 'How To Talk to God,' Topic Of Barnhart

"How To Speak to God" will be the topic of the lesson-sermon of Dr. Ethel Barnhart, minister of the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, at the 10 o'clock worship service Sunday morning, Aug. 20. This is the second of a series of three Sunday morning lesson-sermons designed to help man find true security and freedom from tension in a fast changing world.

Children from pre-school through 8th grade meet at 10 a.m. every Sunday morning. The high school and college age youth groups meet at 7:30 p.m.

Every Wednesday morning at 10:30 o'clock Rev. Rosalie Fowler conducts a healing meeting. Part of this hour is devoted to prayer for specific requests.

**"YOUR ABUNDANT supply"** is the theme of a five-week tutorial class given by Dr. Barnhart, beginning Tuesday evening, Aug. 22, at 7:30 p.m.

When man's understanding makes it possible for him to receive his supply for every need under the Divine Law of Abundance, his mind will be freed from the fears, anxieties and doubts that lead to limitation in his everyday living. This understanding is a basic need for individual and world peace in a space age. The class is open to the public. Call HI. 6-8206 for further information.

The Santa Anita Church Day School has a limited number of enrollments available for the fall term beginning Sept. 11. When these are filled enrollment will be closed for this year. A challenging curriculum in a non-denominational Christian atmosphere is offered for children from 1st through 6th grade levels. Call HI. 6-8206 for further information.

For prayer day or night, call HI. 7-6162.

## It's Rocky Road To Matrimony for This Lad of 17

He was only 17, a juvenile from Los Angeles, so we can't print his name.

But he was going to be married at that young age. His mother, who works, was making the arrangements.

So he and two companions, each 18, from Pasadena and Los Angeles, decided on a little pre-nuptial celebration last Friday night—sort of a "bachelor dinner" affair, *al fresco*.

The trio perched themselves atop the canyon dam, swizzled beer and amused themselves by chucking and

rolling rocks down on nearby premises.

The neighbors didn't like it—neither did Officers Alvin Embree and D. C. Tucker. Next scene—not marriage but Juvenile Hall.

## Gunshot Blasts 400 Pound Bear At Camp Sturdivant

Camp Sturdivant, 4 1/2 miles beyond Chantry Flats, and operated for Methodist Church groups, spelled finis for a marauding 400-pound black bear last week.

The camp had been menaced by the bear, which, along with many other ani-

mals, due to lack of rain, have come from deep in the mountains seeking food and water.

With game out of season, Joe Moody of 58 Naomi, Arcadia, obtained permission from the State Fish and Game Commission to kill the bear if it threatened scores of youngsters staying at the camp.

Galen R. Sheetz of 3060 S. Ninth St., Arcadia, armed with a .32 Special Winchester, killed the bear one evening last week, ending its foraging activities.

Pick your associates carefully—the less you have to do with some people the less you are worse off.

## Behind The Scenes In Business

By Reynolds Knight

NEW YORK—While much world attention is being focused on the political development of Africa these days, American businessmen, for their part, are methodically studying the economic potential of this vast area and girding for possible stiff international competition in many of its new nations.

Africa's millions today may lack the purchasing power to constitute a rich market for U.S.-made consumer goods. But if American interests and technical help can spur development by Africans of their sizable natural resources, that in turn will raise local incomes and create new markets for exported U.S. products.

Only in recent months has the scope of African resources really been brought to light. In West-Central Africa, for example, there are two vast iron ore deposits estimated to total more than 500 million tons of proven ore.

However, beclouding the outlook for U.S. participation in developing many of the new nations is competition from behind the Iron Curtain. Typically, in Communist-leaning Guinea, American businessmen hope to receive a concession to develop a vast ore body are competing against Communist Poland for the bid.

THINGS TO COME—A radiation monitor you clip to your clothing like a fountain pen is going into production; it "chirps" and flashes a light when the wearer is exposed to dangerous radiation.

A new two-way radio that can be installed in a car or truck in two minutes—and removed equally speedily—has been introduced by a North Carolina manufacturer.

Fof golfers, there's a new practice club that signals with a light and a clicking sound (battery-powered) when the club has been swung correctly.

## 'Little Old Ladies'

(Continued from Page one)

makeup of the society. But "Little Old Ladies in Tennis Shoes" fall in a different category, and it is to them this column is directed. And they do not necessarily belong to the John Birch Society either; in fact, most of them don't.

The "Little Old Ladies in Tennis Shoes," as Mosk defines them, just happen to be the backbone of the state and nation.

These are the "Little Old Ladies" who a couple of generations ago were young matrons married to young men whose inspiration they were. And at the instigation of these "Little Old Ladies," these young men marched off to World War I, intent on saving their way of life, their homes and their families from the heel of the aggressor.

AND WHILE their men were gone, these same "Little Old Ladies" borrowed every sewing machine they could get their hands on to make surgical dressings. They knit sweaters and performed other tasks that people at home could perform, unstintingly.

They lived through World War II, and saw their sons march off again to a newer and more vicious war and they helped their daughters live through a trying time of loneliness and hope that their men would return.

And now, having reached the twilight of life, they live in the shadow of World War III and the omen of disaster from weapons yet untried!

IT IS SMALL wonder then, that as Mosk says, "They are bound together by an obsessive fear of Communism, a word which they define to include any ideas differing from their own."

Mosk perhaps does not realize that "The Little Old Ladies in Tennis Shoes" aren't afraid of Communism, and fundamentally, they aren't afraid of anything else. They have been through the wars, and should another one come along, will take it in their stride, as they did in I and II.

But they are concerned over their way of life, their children's way of life, and the future of their grandsons and daughters. And if

a few of them join up with a questionable society in the hope of alleviating their concern, who is qualified to point the finger of scorn or levity at them?

for a public sendoff. And one of the loveliest things was the piece Ed wrote for The News. Ah, yes, we have many wonderful memories of friends and events in Sierra Madre.

The truth really hurts—and so would anything else that was stretched that much.

## Burke Finds

solidated Systems Corp. of Monrovia, attended the Instrument Society of America's 1961 International Measurements Conference held in Budapest in July. Leading scientists and engineers from throughout the world, attended.

LAST SUMMER, in Moscow, he attended the second annual conference of the organization.

Mr. Burke said much repair work is under way in Budapest but that the city still is most battle-scarred. "It is not a pleasant city any more," he recounted,

"and remains much chopped up from the fighting that has taken place there. The people are intent upon their own business and it is more or less impossible for a stranger like myself to determine their true feeling."

"YOU SEE only a few Russians, especially Red soldiers. Mostly, they are posted in the rural regions outside of Budapest, but within calling distance should another outbreak occur."

He was in Budapest for ten days and described the meeting as being "not on such a good level" because of the varying aspects due to the attendance from so many different nations.

Seems to me the same thing's true at Monrovia Mutual. It's not just the interest, or the insured accounts. It's knowing my savings will be there when I need them. ## Fighting Red Infiltration

The resolution signed by Mayor W. Webster Vannier urging constant vigilance by an informed and alert citizenry against the perils of Communist infiltration in the United States and particularly in California, emphasizes the need for a rededication to the principles and ideals of freedom and the dignity of the individual.

Two noteworthy efforts are being made at present in the combat against Communist infiltration. One is a nationwide anti-Communist movement on a local community basis initiated by the City of San Gabriel and gaining widespread momentum. The other is a five-day conference of the Southern California School of Anti-Communism to be held in the Los Angeles Sports Arena, Aug. 3 through Sept. 1. The importance of the latter is emphasized in that Sierra Madre City Council will be represented there.

THE TEXT of Mayor Vannier's proclamation endorsing the purposes of the School of Anti-Communism follows:

"WHEREAS, many cities in the County of Los Angeles have taken definite position in opposition to the widespread infiltration of Communism throughout the world; and  
"WHEREAS, it is timely that a strong stand be taken on the county level of government in the hope of encouraging other counties and levels of government to do likewise; and

"WHEREAS, the Board of Supervisors of the County of Los Angeles is gravely concerned over the ever-increasing threat and danger to this country occasioned by Communist activity and the insidious spread of its doctrine; and

"WHEREAS, Communism in all its forms is diametrically opposed to the democratic principles and inalienable rights established in our Constitution guaranteeing freedom of religion and pursuit of free enterprise; and

"WHEREAS, only an alert, informed and vigilant people, ever conscious to the danger of: "berty's loss, can form the bulwark to take affirmative action to meet this danger; and

"WHEREAS, this threat is not in the guise of one overwhelming disaster, but piecemeal, over a period of time, following the declared schedule of the foes of liberty:

"NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Los Angeles urges a constant vigilance by an informed and alert citizenry, devoted public officials and employees, and a re-dedication by all loyal Americans to the principles and ideals of our founding fathers, which lie within the patriotic American's love for freedom and regard for the dignity of the individual."

## Valiant Frank Lanterman

People of the 48th Assembly District, including Sierra Madre, will miss Frank Lanterman of La Canada, their representative in the Lower House at Sacramento these 11 years.

True, the Democratic reapportionment law which regrouped 47th District in which, if he wishes to run, he 16 months (Jan. 1, 1963), but the mere thought of having to do without the jolly, rotund lawmaker who from away back during the last heavy floods in this area, has battled valiantly for the Foothill people and for the best in state government, is disturbing.

He is a Republican and so, of course, was one of the Democratic gerrymander targets, being placed in the newly grouped the 48th does not become effective for another must battle it out with his friend, Bruce Reagan, now assemblyman from the 47th.

THAT FRANK still has the old fight in him is evident by the fact that he refused pointblank to make any deal with the Democrats which would have favored him if he would have supported the reapportionment bill, and also that he announces he will contest with Reagan at next June's primary, even though he went to bat for Reagan in every way at the last election.

Lanterman figures he can win. Who knows? — he may. And it couldn't happen to a nicer, better legislator.

## Brown Vetoes Success

Many Californians, even some of his best friends, wonder what motivated Governor Edmund G. Brown to kill by pocket veto Senate Bill 213 which would have authorized boards of supervisors to designate scenic highway stretches along which outdoor advertising would have been prohibited.

Principal author of the bill was Republican State Senator John F. McCarthy, long the champion of those dedicated to preservation of highway beauty. Its passage by the Legislature was a victory for those forces, after a long struggle. Even the outdoor advertising industry accepted it was equitable.

Yet, displaying the same indecisiveness which marked his handling of the Chessman case, and the inscrutable unpredictability that has been the hallmark of much of his governorship, Brown killed a bill that pleased so many of his fellow Californians, and blew the whole controversy wide open again. Why?

Could the answer be that it seemed better to erase a victory for the public interest that let it be recorded to the credit of a Republican?

## Hey For Pioneer Days

It is not to early to plan for falltime and assuredly every possible help should be extended to the Lions Club in their projected annual Pioneer Days celebration Friday and Saturday, Oct. 27-28.

This is something that is distinctly Sierra Madrean, a genuine home celebration which this year will have the luster of a new Post Office building for the city, completion

WHEN MEMBERS of the Los Angeles County Postmasters Association met at Eatons in Arcadia last week, the photog glimpsed Charles R. Gainer, the speaker; Postmaster Charles E. Louk of Sierra Madre, John H. Shewman, the group's president; and James I. Bailiff, Arcadia postmaster and host of the evening.

## Louk Attends Postmasters' Dinner Meet

Postmaster Charles E. Louk was one of the honor guests at last Thursday night's monthly dinner meeting of the Los Angeles County Postmasters Association held at Eatons in Ar-

cadia. Some 75 postmasters and their guests attended. Postmaster James I. Bailiff of Arcadia and his wife, Mrs. Geneva Bailiff, were the hosts, with Roy Gainer, regional organization man-

ager of the association, speaking on "National Improvement of Mail Service."

Among those present were Postmasters John Shewman of Pomona and James Orr of Lancaster.

### Soviet Drive For Africa Stumbles

By Robert G. Spivack

SOVIET DRIVE FOR AFRICA. — The Communists continue to dazzle the West with the Soviet Union's spectaculars in outer space. In matters more down to earth they are not doing so well.

Fragmentary reports from Red China as well as the Soviet Union indicates, as Senator Hubert Humphrey reported recently that there are food shortages everywhere and in some areas there is famine. The Khrushchev Manifesto itself promises a better life day after tomorrow, but not much for today.

But we have grown so used to accepting the Communists evaluation of themselves that sometimes we tend to lose sight of their shortcomings and failures. Often their propaganda machine makes so much noise we don't know just what is going on. But every once in a while some plain, unvarnished reporting pops up, almost from nowhere, and it helps put things back in perspective.

Such information now comes from a 25-year-old Ghanaian engineer, George Sapara Arthur, one of 3,000 African students studying in East Germany. He had to leave Leipzig where he had studied for three years on scholarship, after he objected to being indoctrinated and used for propaganda purposes.

"WE ARE NOT FOOLS," he writes, "even if we do come from a relatively backward country. It is obvious to all of us that the main objective of the East German Government in inviting us over to study is political — their political benefit, not ours. That is unlikely to pre-

vent their offers from being taken up, as things now stand, but their success should not be taken for granted."

Mr. Arthur then goes on to note that the East Germans, who apparently have drawn Africa as their assignment in the World Communist movement, have three closely related objectives.

First, they try to win the young Africans' good will through scholarships. Second they expect these youngsters to occupy high positions in the newly-created independent states and hence subject them to heavy doses of Communist ideology. Third, they use the students for "internal propaganda" among the East German subjects.

The East Germans provide a stipend of about \$25 a month for the students. Since their own governments are poor this in itself is quite an attraction. A few students receive invitations directly but most are selected by their own governments, which makes everything look legitimate. Ghana has about 50 students there. The number from Guinea was not available. Nigeria has refused the scholarships.

PROPAGANDA MISFIRES. — Most of the propaganda, according to George Arthur, is directed towards making the students "hate" the West German Government and the United States, in that order. It falls wide of the mark so far as Bonn is concerned and he explains why.

"Now few African students feel strongly, one way or the other, about the Federal Republic since it is beyond the range of their personal experience and pre-

occupations. But from frequent visits to West Berlin which they enter just by taking the underground railway — we learned that reality differed from propaganda."

"We discovered that the workers in the Federal Republic are incomparably better off . . . not by studying statistics, but by elementary observation of what they eat, wear and use to furnish their homes. You realize that West Germany is a rich country whose inhabitants are contented and loyal to their regime, whether they are Government or Opposition; East Germany, by contrast, gives the impression of being a poor country, with its shabby underfed inhabitants."

HE GOES ON to report that the German Communists attempts to mislead the young Africans on this point "made us naturally suspicious of everything else they told us."

Mr. Arthur than makes this observation: "The propaganda thrown at us by the East Germans was crude in any case, but the sight of their inhabitants enviously fingering the English cloth of our suits and comparing it with their own shoddy clothing made it all ludicrous."

Most of the African students he reports, stay until they have finished their courses "for there are good engineers in both parts of Germany."

"But do not believe that the Africans are fooled by the propaganda. Africans are not fools; we are shrewd people, not the sort that can be led by the ear."

East Germany, it would appear, is not a showcase for Communism. Copyright, 1961.

## OUT OF THE COWBEES

52 Yars Ago This Week, Aug. 20, 1909 — Riding on the Ventura - Nordhoff train last Saturday while on the way to Matillij Springs, the editor of the News in the course of a casual train conversation made an interesting acquaintance in the person of L. J. Rose Jr., who will be remembered by most of the older residents of Sierra Madre. His present home is near Oxnard, but he formerly lived on the famous Sunnyslope Ranch southwest of Sierra Madre. His father at one time owned most of the Sierra Madre tract.

Sunnyslope Ranch was at one time one of the most famous of the Valley ranches. It was situated just west of the Chapman Ranch. While in the hands of the elder Rose it was under intense cultivation. Immense quantities of grapes were raised and the winery did an enormous business. Half a million gallons of wine and many thousands gallons of brandy were pressed annually. All the available grapes for miles around were purchased for the winery.

During the boom of 1887 Sunnyslope was sold by the Roses to an English syndicate for about a million dollars.

Santa Anita Ranch was owned by the elder Rose in the early 70's. Of the original 12,000 acres, he sold 4,000 to Chapman who created the Chapman Ranch. The remaining 8,000 acres changed hands several times before being purchased by "Lucky" Baldwin.

Rose was thus the owner of that part of the Sierra Madre tract which was later purchased from Baldwin by the late N. C. Carter in 1881, being a little more than 800 of the 1,100 acres in the tract. Santa Anita Rancho was sold by Rose at \$25 an acre, netting the owner around \$200,000. Baldwin is commonly said to have acquired the ranch later at a considerably lower figure, one being given as \$75,000.

20 Years Ago This Week, Aug. 11, 1941 — With the Grove St. garden of Mr. and Mrs. Waverly Pratt forming an attractive setting, and recorded music by Richard Welles adding to the gaiety of the occasion, the Kiwanis Ladies Night barbecue proved a complete success Tuesday evening. Harry Lange took charge of the barbecuing of the steaks while the committee responsible for the success of the evening included Mrs. Lange, Dr. and Mrs. J. Stadden Miller, Dr. and Mrs. L. M. Evans, Mr. and Mrs. Frank Spencer and Mr. and Mrs. Leland Marsh.

6 Years Ago This Week, Aug. 18, 1955 — Another forward step was accomplished by the Sierra Madre Float Association at City Hall Wednesday, Aug. 10 when two committees were appointed. Mrs. Ruth Cousens, Mrs. Marguerite Lorch, Mac Cason and Duncan Aldrich were selected to serve on the theme and design committee. Emery Johnson, associated president, heads the fund raising committee, assisted by Mrs. Lorch and Mrs. Sidney Lumbard.

Tomas M. Schwartz, chairman of the 21st District Republican Central Committee, was among the 120 guests at the Statler Hotel in Los Angeles last Monday at a dinner honoring Vice President Richard M. Nixon. The occasion was an informal get-together of Republican leaders.

value of the current assets of all United States corporations. In terms of securities, investment in agriculture is equal to two-thirds of the market value of corporation stocks registered on the New York Stock Exchange.

AGRICULTURE BUYS more petroleum than any other industry, and six and a half million tons of steel are used annually for agriculture, which is half as much as is used by the automobile industry. Four out of ten jobs in private employment are related to agriculture. The efficiency of agriculture means the consumer always has a wide selection of fresh and processed foods at any time of the years, and at no time in history has a nation enjoyed the quantity and high quality of food as in America at the present time.

CALIFORNIA'S farm commodities, which number more than 160, brought cash receipts of \$3,165,000,000 to the state in 1960. Cash receipts from marketings for the United States amounted to 34 billion in 1960. Thus, California counted for approximately 10 per cent of all farm income.

Investment in agriculture in the nation is approximately \$203 billion, representing about three-fourths of the

of the new St. Rita's school and playgrounds, the annual school children's Halloween parade and the annual October dollar day sales put on by Sierra Madre merchants.

IT WILL BE a five-ring circus into one, with the Pioneer Days Festival the focal point.

THE SIERRA MADRE NEWS urges every possible support for Lions Club President Charles T. Waters, his advisory committee of Joseph Delgatto, Harold A. Pangborn, William M. (Red) Waite and Frank B. Barbour and members of the committees working to make this year's Pioneer Days the biggest and best ever.

They deserve not only every citizen's support but their active cooperation as well.

## Siam Flight Made By Capt. Nuetzel

Capt. Henry B. Nuetzel of 700 Acacia, has returned from a flight to and from Siam the past week. Capt. Nuetzel is employed by a private air transportation company flying planes for the U. S. Government.

In recent previous flights he has flown from New Jersey to Frankfurt, Germany, to Tokyo and Honolulu.

## No Hurry Fast

Poking along in the traffic the other day, I wondered why we were all creeping along at 35 miles an hour. Finally the impatient motorists pulled around the obstacle and I saw that it was a truck. Now it wasn't a special truck—it was an ordinary, sand and gravel truck that had a sign on the back which said: "The Hurrier I Go—The Behinder I Get."

. . . You know, 35 miles an hour is a real good speed when you get to thinking about it.

It is said that might makes right, but it is never satisfactory to both parties.

### Another Car Cracks Tree In Canon Dr.

Two youths were shaken up when their sports roadster went out of control and crashed into a tree last Friday night in front of the Norman E. Roe home at 450 N. Canon Dr.

It was the second accident in successive weeks at this scene, the first resulting in critical injuries to a young Sierra Madre girl which will hospitalize her for months.

The youths involved in the latest accident were John Xavier Gray, 17, of 441 Bonito Ave. Pasadena and Peter Johnson of 900 Orlando Place, San Marino. Neither was seriously hurt. The rear of the car which Gray drove was damaged.

### Former Resident Is Dead In East

Russell Mercer of 71 E. Alegria, attended funeral services in Salisbury, Conn., for Mrs. Eleanor D. White, widow of Howell N. White who were former Sierra Madre residents. Mr. White, at one time, was president of the Sierra Madre PTA. The Whites now reside in Lakeville, Conn.

### Attempt To Enter Fibrosis Cottage

Police were advised of an attempt to enter the Cystic Fibrosis Bargain Cottage back of the Harry Lange Real Estate and Insurance offices. A splinter of wood had been torn from the door on the west side above the lock, but entry was not effected. Officer David G. Ben-scooter investigated.
